## Work Experience

Hammerhead Heavy Haul, Inc. Jan 1994 – Present

**Owner and Operator**

- Own, manage, finance, and grow a single unit startup to a >\$800k annual revenue company
- Configure equipment to meet requirements to relocate mining equipment valued from \$3–12M
- Structured and organized the business to maintain >30% profit margins, well above industry average
- Collaborated with subcontractors to perform projects quickly and meet business goals

Triton Transport

Apr 2018 – Apr 2021

**Sub-Contractor**

- Sub-Contracted Owner/Operator supplying my equipment and helping develop over \$2M of annual business by creating reasonable timelines with new customers, then exceeding expectations

Mullen Trucking

Oct 1999 – Mar 2018

**Sub-Contractor**

- Sub-Contracted Owner/Operator supplying my equipment and growing my business by over 500%, while developing a reputation of excellent service
- Was recognized as the key operator to meet the deadline of NWT diamond mine project. Moving \$300M of critical equipment and processors during the narrow window of ice road availability
